### Profile

I am a unique, fun and adventurous software developer and animal lover. Graduated from Plataforma5, with the solid technical background and incredible soft skills I acquired there, I am ready for my first work experience in the IT world and to keep learning new technologies.

### Experience

**Tutora backend-CoderHouse, (Part time)**  12.2022 – present  
Buenos Aires, Argentina

- Tutor in charge of resolving students' doubts, correcting challenges, complementing the explanations of the teacher in charge, giving feedback on the work submitted, etc.

**Huellitas-NoCountry, (5 weeks)**  10.2022 – 12.2022  
Buenos Aires, Argentina

- Pet adoption site where you can see the list of pets to adopt, apply for adoption and add to favorites, shelters have a dashboard/CRUD and can receive adoption applications. They have a private chat to communicate. Deployed on AWS.

**Magazine WOW-Hogarth Worldwide, (4 weeks)**  09.2022 | Buenos Aires, Argentina

- 5 developers, Scrum, Trello.
- Online magazine, dynamic zones, CRUD system based on MongoDB and Strapi (CMS).
- The whole team got the credit for the project's success.

### Education

**Fullstack Developer, Plataforma5**  07.2022 – 10.2022  
Buenos Aires, Argentina

JavaScript Coding Bootcamp, +800 hrs learning and improving software development. Working with agile methodologies, practicing soft skills.

**QA Tester, Instituto web**  10.2022 – present  
Buenos Aires, Argentina

Test planning, Test cases, API test, Bugs reports, White box, Black Box, Unit test, Integration testing.
